PUT THE POWER AND PRODUCTIVITY OF DENTRIX IN YOUR PRACTICE
THE RIGHT CHOICE TO ENSURE THE SUCCESS OF YOUR PRACTICE

We understand you face multiple challenges today: increased competition from more dentists, lower insurance payments and new government policies are just a few of the threats you face in your new business reality. That’s why Henry Schein designs Dentrix to help your team use the latest technology and management tools to work smarter. And since Dentrix integrates much of the technology in your practice, your Dentrix Connected solutions work together as one Dentrix system, creating a fast digital workflow that makes your team more efficient. With Dentrix, your team works together as managers of your growing business, so you can focus on growing your profits and delivering the best in patient care.
A COMPREHENSIVE PRACTICE MANAGEMENT SYSTEM

- TechCentral Office Technology
- Digital Imaging
- Integrated eServices
- Support
- Dentrix Connected Apps
- Business Management
- Clinical Tools
Dentrix is more than just dental software. With tools to improve your operations, flexibility to expand with your vision and seamless integration with leading dental solutions, Dentrix helps your dental technology work together as one system.

When you purchase Dentrix, you access an entire ecosystem designed to simplify practice management:

**DIGITAL IMAGING**
View X-rays, interoral images and other information with the Dentrix Patient Chart and automatically keep digital images synchronized with patient records.

**INTEGRATED ESERVICES**
Boost front office productivity with powerful digital tools that allow your team to get more done in less time.

**DENTRIX CONNECTED APPS**
Extend the power of Dentrix by using innovative, third-party technology from leading dental vendors that are tested and certified to provide true integration with Dentrix.

**TECHCENTRAL OFFICE TECHNOLOGY**
Implement computers, networks, telephone systems, security and tech support solutions designed specifically for dental practices and field tested by dental experts to ensure your new technology is a success.

**SUPPORT**
Focus on running your practice instead of troubleshooting your system. Technical assistance is available via phone or online.

**BUSINESS MANAGEMENT TOOLS**
Run your business as well as you run your practice with built-in software solutions that focus on increasing profits.

**CLINICAL TOOLS**
Improve clinical care with comprehensive software tools for charting, treatment planning and progress notes.

INSIGHTFUL BUSINESS TOOLS

While Dentrix includes the clinical and operational capabilities you expect from your practice management system, it also provides tightly integrated business tools that increase your profitability.

PRACTICE ADVISOR REPORTS
Developed with leading practice management consultants, the Practice Advisor Report compiles your practice data into concise, easy-to-read reports to analyze your office’s performance and financial health. It also offers expert advice for making improvements. With this powerful report, you can have a better understanding of your practice’s strengths, weaknesses and opportunities so you can work with your team to quickly boost profits.

DAILY HUDDLE REPORT
The Daily Huddle Report gives your team a snapshot of how they did yesterday in production, collections, case acceptance, new patients and scheduling so they can improve today’s metrics. Use this report to discuss yesterday’s wins and focus your team on meeting today’s goals.

MOBILE COMPUTING
Dentrix Mobile connects you to the crucial information that powers your practice from anywhere, anytime. From your smartphone or tablet you can get quick access to patient details, appointments, medical alerts and prescriptions.
THE BEST CLINICAL CAPABILITIES

Often imitated by other dental software, Dentrix continues to be the gold standard of clinical capabilities.

AWARD-WINNING PERIO CHARTING

Year after year, the Dentrix Perio Chart wins the recommendation of Dentaltown dentists via the Townie Awards. In addition to its elegant design, it’s a comprehensive and feature-rich tool that streamlines perio exams.

DIGITAL DENTAL EXCHANGE (DDX)

Conveniently submit prescriptions to your lab from within Dentrix by using the Digital Dental Exchange (DDX), a web-based service that offers you a faster, more efficient way to exchange and manage casework.

CHARTING AND TREATMENT PLANNING

Create customized views, including 3D, of each patient’s clinical information in Dentrix Patient Charting.

Customize Clinical Notes to capture data specific to your practice needs and reduce your team’s data entry time after the exam.

Increase case acceptance by helping your patients fully understand the value and urgency of care with patient-friendly descriptions in the Dentrix Treatment Planner.
INTEGRATED SOLUTIONS

Enhance the power of your Dentrix system with integrated collection and communication solutions. Dentrix eServices automate many time-consuming tasks to increase productivity.

**ONLINE PRODUCTIVITY**
Remind your patients of appointments or encourage continuing care visits via email, text messaging and postcards with eCentral Communication Manager.

Track claims and quickly check patient insurance eligibility with Insurance Manager.

Integrate your practice’s website with Website Manager, a helpful communication tool that also allows you to eliminate paper forms and speed up check-in with its Kiosk and Questionnaire features.

**QUICKER COLLECTIONS**
Submit claims and attachments electronically with eClaims, reducing reimbursement time. Collect immediately by allowing patients to pay with credit or debit cards using PowerPay.

Create and send billing statements directly from Dentrix without printing, folding or stuffing envelopes by using Dentrix QuickBill.

**AUTOMATIC BACKUP**
Automatically back up your data online, reducing the risk of data loss.

**PLANS AND RESOURCES**
Dentrix Customer Service Plans are available as yearly or monthly contracts. They include technical assistance, free product upgrades and additional management tools.

**ELECTRONIC PRESCRIPTIONS**
Send prescriptions directly from Dentrix to retail and mail-order pharmacies with ePrescribe.
EXCLUSIVE SUITE VALUES

Whether you are a sole practitioner or a multi-office practice with a large team, you can find bundled technical support and eServices to meet your needs at a lower cost:

**ESSENTIALS**
Basic services and unlimited technical assistance to get your practice started.

**MOMENTUM**
All the Essentials eServices plus payment and collection solutions to keep your practice financially healthy.

**OPTIMUM**
All the features of the other suites plus valuable communication tools to stay in touch with patients.

To choose the Dentrix Suite that’s right for your practice, visit [www.Dentrix.com/Suites](http://www.Dentrix.com/Suites).

EFFICIENT FRONT OFFICE TOOLS

Efficiency comes first with Dentrix front office features. Easier scheduling, convenient interoffice communication and faster checkout help your patients as well as your team.

STREAMLINED SCHEDULING
Your practice is as unique as you are. That’s why the Dentrix Appointment Book allows you to organize and customize your calendar to work the way you do.

Only Dentrix includes a Perfect Day Scheduling feature to balance each day’s production.

IMPROVED INTEROFFICE COMMUNICATION AND DOCUMENTATION
Dentrix helps your front office find the information they need, from benefit statements to X-rays. With the Document Center, you can import, organize and sign digital documents—which are stored in your Dentrix system for easy access.

FASTER CHECKOUT
To further speed up patient checkout, the Dentrix Ledger automatically calculates insurance benefits, generates claim and payment windows and creates walkout statements.
We chose Dentrix because it’s the best software. I’ve tried software program after software program, but they all fell short. Dentrix makes things faster, easier and puts that information at my fingertips so I can get to the dentistry we need to do quickly, efficiently.

BILL BUSCH, D.M.D., MAGD | North Kansas City, MO
TRUSTED TECHNOLOGY PARTNERS

Gain efficiencies and increase your productivity with products that provide tested and true Dentrix integration. Now you can focus on delivering quality patient care without worrying about whether your technology will work together.

DENTRIX DIGITAL WORKFLOW
Simplify your workflow and enhance your office productivity with Dentrix Connected partner products.

The Dentrix Connected program verifies that the technology in your practice works with Dentrix, providing the connections for truly integrated software and digital technology.

Look for the third-party products that use the Dentrix Connected logo for your next add-on purchase and integrate your digital workflow. Visit Dentrix.com/Connected for a list of certified partners.

ONE-STOP SHOPPING
The online Dentrix Marketplace provides one convenient place to find products and services that can enhance your Dentrix platform. Visit Dentrixmarketplace.com and see for yourself.

TECHCENTRAL OFFICE TECHNOLOGY
Henry Schein TechCentral provides the hardware, software and support you need from one trusted source, with the Henry Schein guarantee of quality. Computers, networks, telephone systems, and tech support solutions are designed specifically for dental practices and field tested by dental technology experts to ensure your new technology is a success. Visit www.HSTechCentral.com for more information.
INSTRUCTOR-LED TRAINING
Take in-depth training at hands-on workshops: Dentrix Workshops are held throughout the U.S. on practice management, continuing care, billing and collections and more.

Spend half a day learning tips from the experts: Dentrix Insight Seminars teach you how to improve production, case acceptance, collections and more.

Bring a certified instructor to your office: Dentrix In-Office Training shows you and your team how to get the most out of your software.

COACHING
Get personalized business coaching: Dentrix Profitability Coaching teaches you to trust and use the data in your system to help you be more productive and profitable.

SELF-PACED LEARNING
Get expert training online at your pace: Choose from dozens of tutorials, videos, product guides and on-demand training in the Dentrix Resource Center. It includes product documentation, troubleshooting tips, articles, FAQs and an on-demand training library.
NO WORRIES

Easily access the technical assistance you need to keep your practice running smoothly.

PLANS AND RESOURCES
Dentrix Customer Service Plans are available with yearly or monthly payment options. They include technical assistance, free product upgrades and additional management tools.

TRANSITION HELP
If you’re coming to Dentrix from another software, you can save hours of work by converting your existing data to Dentrix. The Dentrix Conversions Team can help your practice transfer your data to make your switch as smooth as possible.

NEW IMPLEMENTATIONS
A systems implementation coordinator manages your new Dentrix installation process from start to finish. Your coordinator makes sure your Dentrix system is installed and functioning properly, your previous data converts correctly, and your team is trained and ready to use Dentrix to improve your practice.
